APPLICATION QUESTIONS

What about CEVA's mission and work makes you interested in serving as a member of our Board or a standing committee?

I have been the Director of our local club on the Oregon Coast for several years now, and have really enjoyed understanding how USA volleyball works and opening these opportunities for our Coastal Community. I hope to help CEVA with input on what works for more isolated populations.

What strengths, skills, and/or specific relevant experiences would you bring to the role(s) for which you are applying?

I understand the benefits and struggles of running a club in a Geographic location removed from more populous cities in the Valley. I am starting to understand some of the issues we face in small Schools to satisfy OSAA and other organizations whose rules have huge affects on facility use and Coaching for our smaller constituents.

Tell us about your previous experience as a Board member in other organizations, and previous experience you have working in or with a non-profit business (if any).

I hope worked for non-profit, and we treat our club as a non-profit to keep our costs down (even though it is not official with the US government)

What experience do you have in the areas of diversity, equity, and inclusion? How would you further enhance or promote CEVA's ongoing commitment to DEI initiatives?

CEVA

As a teacher I am trained and have experience in working with individuals from all spectrums of demographics, academic levels, and perspectives. I have taught for over 15 years and help these initiatives as priorities for my entire career. I appreciate the focus on diversity and inclusion in CEVA and can see its immediate impact in tournaments and teams. As a Director I have worked to keep our club costs as low as possible and made CEVA's scholarships accessible to our population (of which we have had several take advantage) to give as much opportunity as possible. I hope to continue to give opportunities to those who want it.

What else should we know about you? Share anything you feel is pertinent or relevant.

I am also involved in the Disc Golf scene, so I'm also interested in learning how our different Athletic bodies operate and of course look for overlap.
